

# AFYA CORPORATE PARTNERSHIPS

## FLEXIBLE PARTNERSHIP PATHWAYS TO CREATE IMPACT TOGETHER

JANUARY 2026

Afya's mission is to improve health outcomes by rescuing surplus medical supplies and diverting them to compromised and under-resourced health systems locally and globally. Headquartered in New York, we partner with companies, hospitals, volunteers, and communities to drive impact. Every partnership is customizable and aligned with your goals in sustainability, employee engagement, and health.

### WHY PARTNER WITH AFYA

#### Advance ESG & Sustainability:

By diverting millions of pounds of sterile, usable medical and humanitarian supplies from landfills and expanding access to healthcare, partners benefit from measurable ESG impact, responsible resource stewardship, and a circular economy model that reduces waste.

#### Improve Access to Healthcare:

Your partnership powers Afya's work across disaster response, humanitarian aid, and ongoing support to community clinics, hospitals, and social service organizations.

#### Engage Employees in Purpose-Driven Service:

Our volunteer experiences build team cohesion as they make a tangible impact. Your employees' hands will be the last to touch life-saving supplies before they serve a medical provider or first responder giving care to a person in need.

#### Flexible, Customizable Opportunities:

Afya builds partnerships that fit your scope, company culture, and priorities.

Every partnership is customizable. Afya collaborates with CSR, ESG, and HR teams to build engagement that aligns with company culture, sustainability commitments, and employee interests. Whether you're mobilizing your workforce, supporting disaster response, reducing waste, or amplifying your brand's commitment to health equity, Afya provides opportunities that deliver measurable impact.

# PARTNERSHIP OPTIONS

## **SORT & PACK EVENTS**

Hands-on, high-energy experiences where employees sort and prepare medical supplies headed to communities in need.

### **On Afya's Campus**

- Supply sorting experience at Afya's expansive Yonkers, NY warehouse
- 60 employees can sort lifesaving supplies in a 2-hour session. For groups larger than 60, Afya can schedule multiple sessions.
- Includes full facilitation by Afya staff, training, and impact reporting

### **On Your Campus**

- Afya brings the volunteer experience to your campus in the NY Metro Area
- Includes Afya staff facilitation, supplies, training materials, and a truck to transport collected items
- Higher fee reflects shutting down warehouse operations, staff travel, and transportation logistics

### **CEO Speaking Engagement (avail. upon request)**

Invite Afya's Founder & CEO, Danielle Butin, MPH, OTR, to share Afya's founding story and highlights from 20 years of impact across 90+ countries.

Can be paired with either onsite or offsite sorts.

### **Contribution Levels**

\$2,000–\$20,000 depending on scope, travel, and customizations.

## **HUMANITARIAN SUPPLY DRIVES**

Activate employees across your organization to run donation drives of high-priority items that immediately improve livelihoods and restore dignity.

**Short-Term Workplace Collection Drive:** During a defined window, employees contribute new and unused supplies—whether sourced from home or purchased—to meet urgent needs caused by natural disasters, conflict and war, crises, or local emergencies. Afya supplies the list, materials, and can pick up donations at the conclusion of the drive.

**Amazon Wish List Drive:** Share a custom Afya Amazon Wish List with your workforce to enable seamless purchasing and delivery directly to Afya.

**Office Collection Bin:** Place a donation bin at your location(s) for ongoing or time-bound drives. Afya coordinates pickup or shipping as needed.

## **IN-KIND DONATIONS FROM MANUFACTURERS & HOSPITALS**

Manufacturers, suppliers, hospitals, and other healthcare entities looking to manage surplus responsibly can partner with Afya to:

- Donate pallets, overruns, or unopened medical items
- Reduce waste disposal fees and storage costs
- Support ESG goals through waste diversion

## **CUSTOMIZABLE PARTNERSHIPS**

Every company is different, and Afya builds partnerships that reflect your mission, budget, and culture.

### **Examples include:**

- Co-branded sustainability initiatives
- Multi-site volunteer programs
- Disaster response collaborations
- Custom storytelling and impact materials

These opportunities represent a starting point—Afya welcomes additional ideas and will work with you to design a partnership that reflects your goals.

## **FOCUSED GIVING CAMPAIGN**

- Employees contribute financial gifts that directly support Afya's local programs, global health, and disaster-response work.
- To amplify impact, organizations may offer payroll giving or matching gift programs.
- Afya provides campaign messaging, priority needs, impact updates, and public recognition on our website and other materials.
